The Medicare, Medicaid and SCHIP Benefits Improvement and Protection Act was enacted on December 21, 2000. The Department of Insurance is adopting the NAIC Model Regulation in order to implement the NAIC Medicare Supplement Insurance Minimum Standards Model Act, which comply with Federal law. Additionally, technical corrections are grammatical in nature and adjustments were made to the Outline of Coverage Charts to address the current amounts mandated by the federal government.

The department is clarifying existing laws in reference to notice requirements, rate increase requirements, grievance procedures and premium requirements.

- a. A Medicare supplement policy or certificate shall not exclude or limit benefits for losses incurred more than six months from the effective date of coverage because it involved a preexisting condition. - b. A Medicare supplement policy or certificate shall not indemnify against losses resulting from sickness on a different basis than losses resulting from accidents.
- c. A Medicare supplement policy or certificate shall provide that benefits designed to cover cost sharing amounts under Medicare will be changed automatically to coincide with any changes in the applicable Medicare deductible amount and copayment percentage factors. - i. provide for termination of coverage of a spouse solely because of the occurrence of an event specified for termination of coverage of the insured, other than the nonpayment of premium; or
- ii. be cancelled or nonrenewed by the issuer solely on the grounds of deterioration of health.
- e.i. Except as authorized by the commissioner of this state, an issuer shall neither cancel nor nonrenew a Medicare supplement policy or certificate for any reason other than nonpayment of premium or material misrepresentation.

## §545. Loss Ratio Standards and Refund or Credit of Premium

#### A. Loss Ratio Standards

- 1.a. A Medicare supplement policy form or certificate form shall not be delivered or issued for delivery unless the policy form or certificate form can be expected, as estimated for the entire period for which rates are computed to provide coverage, to return to policyholders and certificateholders in the form of aggregate benefits (not including anticipated refunds or credits) provided under the policy form or certificate form:
- i. at least 75 percent of the aggregate amount of premiums earned in the case of group policies; or
- ii. at least 65 percent of the aggregate amount of premiums earned in the case of individual policies.
- b. Calculated on the basis of incurred claims experience or incurred health care expenses where coverage is provided by a health maintenance organization on a service rather than reimbursement basis and earned premiums for the period and in accordance with accepted actuarial principles and practices.
- 2. All filings of rates and rating schedules shall demonstrate that expected claims in relation to premiums comply with the requirements of this Section when combined with actual experience to date. Filings of rate revisions shall also demonstrate that the anticipated loss ratio over the entire future period for which the revised rates are computed to provide coverage can be expected to meet the appropriate loss ratio standards.
- 3. For purposes of applying Paragraph A.1 of this Section and §550.C.3 only, policies issued as a result of solicitations of individuals through the mails or by mass media advertising (including both print and broadcast advertising) shall be deemed to be individual policies.
- 4. For policies issued prior to January 20, 1991, expected claims in relation to premiums shall meet:
- a. the originally filed anticipated loss ratio when combined with the actual experience since inception;
- b. the appropriate loss ratio requirement from §545.A.1.a.i. and ii. when combined with actual experience beginning with January 1, 1998 to date; and

- c. the appropriate loss ratio requirement from §545.A.1.a.i. and ii. over the entire future period for which the rates are computed to provide coverage.
  - B. Refund or Credit Calculation
- 1. An issuer shall collect and file with the commissioner by May 31 of each year the data contained in the applicable reporting form contained in Appendix A for each type in a standard Medicare supplement benefit plan.
- 2. If, on the basis of the experience as reported, the benchmark ratio since inception (ratio 1) exceeds the adjusted experience ratio since inception (ratio 3), then a refund or credit calculation is required. The refund calculation shall be done on a statewide basis for each type in a standard Medicare supplement benefit plan. For purposes of the refund or credit calculation, experience on policies issued within the reporting year shall be excluded.
- 3. For the purposes of this Section, policies or certificates issued prior to January 20, 1991, the issuer shall make the refund or credit calculation separately for all individual policies (including all group policies subject to an individual boss ratio standard when issued) combined and all other group policies combined for experience after January 1, 1998. The first report shall be due by May 31, 2000.
- 4. A refund or credit shall be made only when the benchmark loss ratio exceeds the adjusted experience loss ratio and the amount to be refunded or credited exceeds a de minimis level. The refund shall include interest from the end of the calendar year to the date of the refund or credit at a rate specified by the Secretary of Health and Human Services, but in no event shall it be less than the average rate of interest for 13-week treasury notes. A refund or credit against premiums due shall be made by September 30 following the experience year upon which the refund or credit is based.
- C. Filing of Rates and Rating Schedules. All filings of rates and rating schedules shall demonstrate that expected claims in relation to premiums comply with the requirements of this Section when combined with actual experience to date. Filings of rate revisions shall also demonstrate that the anticipated loss ratio over the entire future period for which the revised rates are computed to provide coverage can be expected to meet the appropriate loss ratio standards.
- 1. Each Medicare supplement policy or certificate form shall be accompanied, upon submission for approval, by an original and one copy of an actuarial memorandum. The memorandum shall be prepared, signed and dated by a qualified actuary in accordance with generally accepted actuarial principles and practices. The filing shall contain at least the information listed in the following Subparagraphs:
- a. the form number that the actuarial memorandum addresses:
  - b. a brief description of benefits provided;
  - c. a schedule of rates to be used;
- d. a certification that the anticipated lifetime loss ratio is at least 65 percent (for individual coverage) or at least 75 percent (for group coverage);
- e. a table of anticipated loss ratio experience for each year from issue over a reasonable number of years;
- f. a certification that the premiums are reasonable in relation to the benefits provided; and
  - g. the entire filing shall be provided in duplicate;

- h. any additional information requested by the commissioner.
- 2. Subsequent rate adjustments filings, except for those rates filed solely due to a change in the Part A calendar year deductible, shall also provide an original and one copy of an actuarial memorandum, prepared, signed and dated by a qualified actuary, in accordance with generally accepted actuarial principles and practices. The filing shall contain at least the following:
- a. the form number addressed by the actuarial memorandum;
  - b. a brief description of benefits provided;
- c. a schedule of rates before and after the rate change;
- d. a statement of the reason and basis for the rate change;
- e. a demonstration and certification by the qualified actuary showing that the past plus future expected experience after the rate change will result in an aggregate loss ratio equal to, or greater than, the required minimum aggregate loss ratio:
- i. this rate change and demonstration shall be based on the experience of the named form in Louisiana only, if that experience is credible;
- ii. the rate change and demonstration shall be based on experience of the named form nationwide, if the named form is used nationwide and the Louisiana experience is not credible, but the nationwide experience is credible;
- f. for policies or certificates in force less than three years, a demonstration shall be included to show that the third-year loss ratio is expected to be equal to, or greater than, the applicable percentage;
- g. a certification by the qualified actuary that the resulting premiums are reasonable in relation to the benefits provided;
  - h. the entire filing shall be provided in duplicate;
- i. any additional information requested by the commissioner.
- 3.a. An issuer of Medicare supplement policies and certificates issued before or after the effective date of Regulation 33 (Revised, 1992) in this state shall file annually no later than December 31 its rates for the upcoming calendar year. Also, supporting documentation including ratios of incurred losses to earned premiums by policy duration shall be submitted for approval by the commissioner. The supporting documentation shall also demonstrate in accordance with actuarial standards of practice using reasonable assumptions that the appropriate loss ratio standards can be expected to be met over the entire period for which rates are computed. The demonstration shall exclude active life reserves. An expected third-year loss ratio which is greater than or equal to the applicable percentage shall be demonstrated for policies or certificates in force less than three years.
- b. The filing for purposes of this Subsection shall contain all Medicare supplement plans issued by the issuer and shall not include rate adjustments. An actuarial memorandum shall be prepared, signed and dated by a qualified actuary in accordance with generally accepted actuarial principles and practices. The filing shall contain at least the following:

- i. the form number for each plan;
- ii. plan type designation (for example: Plan A, Plan B, Pre-standardized);
  - iii. the rates for each plan;
  - iv. yearly loss ratios for each plan;
  - v. lifetime expected loss ratios for each plan;
- vi. identify filing as "ANNUAL MEDICARE SUPPLEMENT FILING" on the face page of the memorandum;
  - vii. the entire filing shall be provided in duplicate;
- viii. any additional information requested by the commissioner.
- 4. As soon as practicable, but prior to the effective date of enhancements in Medicare benefits, every issuer of Medicare supplement policies or certificates in this state shall file with the commissioner, in accordance with the applicable filing procedures of this state:
- a. appropriate premium adjustments necessary to produce loss ratios as anticipated for the current premium for the applicable policies or certificates. The supporting documents necessary to justify the adjustment shall accompany the filing;
- b. an issuer shall make premium adjustments necessary to produce an expected loss ratio under the policy or certificate to conform to minimum loss ratio standards for Medicare supplement policies and which are expected to result in a loss ratio at least as great as that originally anticipated in the rates used to produce current premiums by the issuer for the Medicare supplement policies or certificates. No premium adjustment which would modify the loss ratio experience under the policy other than the adjustments described herein shall be made with respect to a policy at any time other than upon its renewal date or anniversary date;
- c. if an issuer fails to make premium adjustments acceptable to the commissioner, the commissioner may order premium adjustments, refunds or premium credits deemed necessary to achieve the loss ratio required by this Section.
- 5. Any appropriate riders, endorsements or policy forms needed to accomplish the Medicare supplement policy or certificate modifications necessary to eliminate benefit duplications with Medicare. The riders, endorsements or policy forms shall provide a clear description of the Medicare supplement benefits provided by the policy or certificate.
- D. Public Hearings. The commissioner may conduct a public hearing to gather information concerning a request by an issuer for an increase in a rate for a policy form or certificate form issued before or after the effective date of Regulation 33 as revised July 20, 1992 if the experience of the form for the previous reporting period is not in compliance with the applicable loss ratio standard. The determination of compliance is made without consideration of any refund or credit for the reporting period. Public notice of the hearing shall be furnished in a manner deemed appropriate by the commissioner.

- F. The notice required by Subsection D above for an issuer shall be provided in substantially the following form in no less than 12 point type:

# NOTICE TO APPLICANT REGARDING REPLACEMENT OF MEDICARE SUPPLEMENT INSURANCE

[Insurance company's name and address]

#### SAVE THIS NOTICE! IT MAY BE IMPORTANT TO YOU IN THE FUTURE.

According to [your application] [information you have furnished], you intend to terminate existing Medicare supplement insurance and replace it with a policy to be issued by [Company Name] Insurance Company. Your new policy will provide 30 days within which you may decide without cost whether you desire to keep the policy.

You should review this new coverage carefully. Compare it with all accident and sickness coverage you now have. If, after due consideration, you find that purchase of this Medicare supplement coverage is a wise decision, you should terminate your present Medicare supplement coverage. You should evaluate the need for other accident and sickness coverage you have that may duplicate this policy.

STATEME	NT TO APPLICANT BY ISSUER, AGENT [BROKER OR OTHER REPRESENTATIVE]:
duplicate ye	ewed your current medical or health insurance coverage. To the best of my knowledge, this Medicare supplement policy will not our existing Medicare supplement coverage because you intend to terminate your existing Medicare supplement coverage. The policy is being purchased for the following reason (check one):
	Additional benefits.
_	No change in benefit, but lower premiums.
_	Fewer benefits and lower premiums.
_	Other. (please specify)
1.	Health conditions which you may presently have (preexisting conditions) may not be immediately or fully covered under the new policy. This could result in denial or delay of a claim for benefits under the new policy, whereas a similar claim might have been payable under your present policy.
2.	State law provides that your replacement policy or certificate may not contain new preexisting conditions, waiting periods, elimination periods or probationary periods. The insurer will waive any time periods applicable to preexisting conditions, waiting periods, elimination periods, or probationary periods in the new policy (or coverage) to the extent such time was spent (depleted) under the original policy.
3.	If, you still wish to terminate your present policy and replace it with new coverage, be certain to truthfully and completely answer all questions on the application concerning your medical and health history. Failure to include all material medical information on an application may provide a basis for the company to deny any future claims and to refund your premium as though your policy had never been in force. After the application has been completed and before you sign it, review it carefully to be certain that all information has been properly recorded. [If the policy or certificate is guaranteed issue, this paragraph need not appear.]
Do not canc	el your present policy until you have received your new policy and are sure that you want to keep it.

- 2. All types of health insurance policies that duplicate Medicare shall include one of the attached disclosure statements, according to the particular policy type involved, on the application or together with the application. The disclosure statement may not vary from the attached statements in terms of language or format (type size, type proportional spacing, bold character, line spacing, and usage of boxes around text).

- 4. Property/casualty and life insurance policies are not considered health insurance.
- 5. Disability income policies are not considered to provide benefits that duplicate Medicare.
- 6. Long-term care insurance policies that coordinate with Medicare and other health insurance are not considered to provide benefits that duplicate Medicare.
- 7. The federal law does not pre-empt state laws that are more stringent than the federal requirements.
- 8. The federal law does not pre-empt existing state form filing requirements.
- 9. Section 1882 of the federal Social Security Act was amended in Subsection (d)(3)(A) to allow for alternative disclosure statements. The disclosure statements already in Appendix C remain. Carriers may use either disclosure statement with the requisite insurance product.
